

# REMINISZENZEN DER ERINNERUNG

A film by Nicky Coutts

DV-PAL 10:00 mins, 2010

*Reminsizenzen der Erinnerung* tells stories of remembering, forgetting and the borrowing of the memories of others. Appropriating scenes from Federico Fellini's 'Amacord' (1973) and Hollis Frampton's 'Nostalgia' (1971), and re-visiting Jorge Luis Borges' 'The Aleph' (1970) and Thomas Mann's 'The Magic Mountain' (1924), a story is told of a woman's frightened patchy memory of a man losing his mind.
